

## Mickey Anglea BIO

Mickey was hired January 15<sup>th</sup> 2007 as the Postmaster for Vanderbilt University. Mickey came from Shoney's Inc/Captain D's LLC where he was in charge of mail, logistics, facilities, parts and equipment for the corporate office and over 1000 stores in the field. Vanderbilt employs some 24K employees and 13K students; we have 3 unique zip codes and 2 we share within the city of Nashville. Mickey was promoted to the Associate Director of Business Services in 2011. Mickey is a tireless advocate for innovation, technology, change, empowering people and working smarter not harder. Mickey has over 25 years in the mailing industry. Mickey also:

- Maintains over 7,000+ virtual mail boxes.
- Oversees 2 locations while responsible for 15 full time employees and 8 student employees.
- Handles all the metering of outgoing mail for the University.
- Handles all incoming and outgoing mail for approx 13,000 students, and 7,000 faculty and staff.
- Distributes 200,000 + packages annually while handling over 5 million pieces of incoming, outgoing and interoffice mail per year.
- Delivers mail to 200+ mail delivery stops per day.
- Oversees facilities for the university Bookstore and special projects and purchasing responsibilities. He also oversees Campus Copy a satellite printing location.
- Was responsible for a remodel of the post office in 2008 that streamlined workflow and processes while adding mailboxes so that students would no longer have to share. It also added a 2<sup>nd</sup> package window.
- Planned another remodel that started in 2012 -2015 that would take Vanderbilt University into the 21<sup>st</sup> century regarding technology and rethinking how we do business. The remodel required approval from the AVC, Chancellor, multiple bids, architects, and 6 months of construction. In 2015 we removed 7,000 physical mailboxes, CPU window, and 3 package windows and transformed that to 500 intelligent parcel lockers, over 7,000 virtual mailboxes, 7 package windows, a new separate CPU, led automatic lighting, security system, furniture, led/tv Information board, 24/7 access, atm and many other features.
- We have had over 80 different universities, businesses and others visit our Post Office since the 2015 remodel, including the UPS Store, St. Jukes, State of Tennessee, USPS, Fed Ex Kinko's corporate offices, and others.
